Color courage for weavers

## Color Editor

# Try It: Change Colors

Demo videos for desktop computers and an iPad can be found at the bottom of the lesson.

## Part One. Upload your Saved Color Palette

1. Click Select Colors from Image and choose the .PNG you downloaded in Exercise 1.
2. Complete the Color Palette by filling in the Color Tiles from your Saved Image.

## Part Two. Change colors in the Warp

1. Using the Click or Click and Drag method, create a single repeat of a stripe sequence of three or more colors with your Color Palette.

## Part Three. Change the Color of the Weft

1. Use Replace Colors to change the entire weft to color from your Palette.

## Part Four. Download your WIF

1. Click the Download button, then Download WIF to save your work so far. We'll come back to this draft in the next Try It.
