

Warp & Weave

Color courage for weavers

Color Editor

Try It: Set Your Color Palette

Demo videos for desktop computers and an iPad can be found at the bottom of the lesson.

Part One. Create your Color Palette

1. Pick one or two colors manually using the Color Picker pencil/box.
2. Use Select Colors from Image to pick at least three more colors for your Palette

Part Two. Download (save) your Palette

1. Click Download, then Download Colors Image to save the Palette you've created for later use.
